

College & Career Readiness

Exposing young men across the country to an intense college preparatory and scholarship access

Websites: www.natlkappaleague.org
www.facebook.com/guiderright

Kappa Alpha Psi Fraternity, Inc. and Naviance have partnered to provide a college readiness solution to help students and families maximize success through every stage of the college and career planning processes.

College Planning- Naviance models data that shows the colleges and universities where other Kappa Leaguers with similar educational standings are applying, where they are accepted, rejected or waitlisted. Access to one of the largest scholarship database will also be available.

A Roadmap to Success

K.A.S.E. is the **National Kappa League** online academic and early college preparation initiative designed to increase the academic achievement, college and scholarship opportunities for Kappa Leaguers from grades 6 — 12.

Students and parents have access to Family Connection, an online portal that allows students to map their own path and then setting a plan to achieve their goals. Parents will have view-only capabilities, giving you a bird's eye view of how your son is managing his college research and application process.

Enrollment: \$20.00* per Kappa Leaguer
(*Lifetime enrollment - recurring \$5.00 renewal fee after the first year)

Coming soon... Naviance Student app for iPhone!

Parents: For more information, contact your local Kappa Alpha Psi Fraternity, Inc. Alumni Chapter or send an email to: DITR@natlkappaleague.org
